Secretary DSIR

# Startup Conclave Hyderabad - 2025

## "Catalyzing Innovation & Connecting Ecosystems"

**22 - 23 April 2025**

## Background

The global startup ecosystem is rapidly evolving, serving as a catalyst for economic growth and technological advancement. In line with the clarion call "Startup India, Stand Up India" given by Hon'ble Prime Minister Shri Narendra Modi, aims to cultivate a robust startup ecosystem and nurture innovation and entrepreneurship across India, Council of Scientific and Industrial Research (CSIR)—India's premier R&D organization—continues to spearhead scientific advancements and promote industry-led innovation.

The Startup Conclave Hyderabad 2025, organized by the **CSIR-Indian Institute of Chemical Technology (IICT)**, **CSIR-Centre for Cellular and Molecular Biology (CCMB)**, and **CSIR-National Geophysical Research Institute (NGRI)**, aims to provide a platform for Startups, Entrepreneurs, Investors, Industry leaders, Academicians, Government Officials to share insights, network, and explore collaboration opportunities.

The Conclave's theme "**Catalyzing Innovation, Connecting Ecosystems**" encapsulates the transformative role of startups in today's knowledge-driven economy. It underscores the need for collaboration among scientific institutions, industry partners, investors, and policymakers — forming interconnected ecosystems that nurture breakthrough ideas and fuel economic growth.

## Objectives

**Networking:** Facilitate connections between startups and potential investors, mentors, and partners.

**Knowledge Sharing:** Provide a platform for thought leaders to share best practices, success stories, and insights on emerging trends.

**Showcasing Innovations:** Allow research institutes, industry and startups to present their business models and innovations to a broader audience, including potential investors.

Organized by

### Target Audience

- Startups
- Entrepreneurs
- Investors
- Industry Experts
- Government Officials
- Academicians

### Expected Outcomes

- Enhanced visibility for startups and opportunities for investment
- Establishment of a collaborative community among stakeholders
- Insights and knowledge sharing that informs future innovation and policy-making

### Key Components

- Innovation showcase
- Panel discussions
