

Note

In pursuance of indent for Chlorotrifluoroethylene gas 400 Kg (CAS No: 79-38-9) Ref No: PUR/IICT/0468/24-25/CON, We would like to retender for the same, since no vendor qualified for the supply of these gas in the open tender dated 30/07/2024.

Recommendation of PC

PC discussed the above recommendation on retender with GO and PL. In present case both the participating bidders - m/s. Shresyni Lifesciences and m/s. CNC Chemicals could not produce catalogue for quoted items and same could not be verified from their websites despite email sent to them giving adequate time.

Hence, PC recommends that 're-tendering' may be done to procure the indented items as bidders did not respond to email seeking clarifications.
